

TECHNICAL DATA SHEET

Aztec Acoustic Diffuser

Product description and Technical Specification:

Aztec Diffuser is made of expanded polystyrene (EPS) and offers optimal results in the range of medium and high frequencies, helping to increase the diffuse sound field. The innovative design allows achieving extreme visual effect via diffuse grid made of at least four Aztec diffusers.

- Innovative and attractive design
- Effective sound field diffuser
- Easy to install with *polyurethane installation glue*

PHYSICAL CHARACTERISTICS	Value	Tolerance
Material	expanded polystyrene	
Highest point	150	±1%
Dimensions	600 x 600	±1%
EDA	0.71	±1%
Color	dark grey	

ACOUSTIC PERFORMANCE
